PROFESSIONAL SUMMARY

Multidisciplinary **Full Stack Developer** with 1+ years of experience delivering **ABDM ABHA, HPR and HFR, EHR, and NHCX projects** at Swingbell. Skilled in software development and cross-functional collaboration, seeking opportunities to apply my expertise within the software industry.

EDUCATION

[Sharnbasva University], [B.Tech] ([9.85 CGPA])

May 2024

[CPM PU College], [Science] ([89.66 %])

April 2020

[CYF High School], [SSLC] ([78.40 %])

March 2018

TECHNICAL SKILLS

- Java, JavaScript, React.js, Spring Boot, PostgreSQL, MySQL, RESTful APIs, Kafka, AWS, FHIR Standards, Git, GitHub, C, C++, MUI, Redux, TypeScript.

WORK EXPERIENCE

Full-Stack developer- [SwingBell Labs], [Remote]

[Jun 2024 - Present]

- **Managed multiple projects** including **HPR and HFR, EHR, and NHCX**, ensuring on-time delivery, compliance with healthcare standards, and alignment with regulatory requirements.
- **Utilized tools and technologies** such as **React.js, Spring Boot, PostgreSQL, RESTful APIs, and MUI** for development, deployment, and documentation of scalable healthcare solutions.
- **Achieved measurable impacts**, including enhanced data interoperability and system reliability, contributing to improved efficiency in healthcare operations by **70%**.
- **Collaborated with cross-functional teams** of **5+ members** to deliver complex software solutions for critical healthcare applications within tight project timelines.
- **Developed detailed project schedules and workflows**, optimizing processes for **HPR and HFR, EHR, and NHCX**, resulting in a **60% improvement in operational efficiency**.
- **Led stakeholder communication efforts**, aligning deliverables with client expectations and achieving a **65% increase in satisfaction scores** for healthcare software solutions.

Engineering Intern- [SwingBell Labs], [Remote]

[Feb 2024 - Jun 2024]

- Played a key role in the **ABHA project**, achieving major milestones: **M1 (Create ABHA), M2 (Link health records with ABHA address and enable record discovery), and M3 (Ensure data interoperability)**.
- Developed scalable solutions using **React.js, Spring Boot, PostgreSQL, and RESTful APIs** to streamline data workflows, enhance efficiency, and secure access to health records.

PROJECTS

Weather Application | React, JavaScript, CSS, HTML

- Developed a responsive web application to provide real-time weather updates using the **OpenWeatherMap API**, ensuring cross-device compatibility.

Course Application | Java, Spring Boot, PostgreSQL, React.js

- Built a full-stack platform for course creation, enrollment, and content updates, offering functionality similar to **Udemy** and **Coursera**.

AWARDS AND CERTIFICATIONS

- **Gold Medalist** in **B.Tech** from **Shrambasva University** with a **9.85 CGPA**.
- **Java Programming** certification from **Udemy**.
- **Beginning C++ Programming - From Beginner to Beyond** certification from **Udemy**.
